WITCH WITH ME  

# Welcome to Coven-Minis

Group magick is a special part of any practice. At Witch With Me, we know many of you are new to the world of witchcraft and often do not have large magickal circles to coven with. That's why we have designed Coven-Minis!

Coven-minis are rituals and spells that may be performed with groups of 2-6 people. Since we live in the age of Covid, these spells and rituals are designed to be performed in the home of the solitary practitioner, but connected to their coven either via internet or synchronized timing.

The goal is to learn the power of collaborative magick and grow together as magickal practitioners.

We cordially invite you to grab a witchy colleague or two and form your own Coven-Mini!

# FULL MOON RITUAL FOR GROWTH IN 2021

## *Coven Water Magick*

**STEP ONE:** Each coven member should gather the following materials.

One candle

One small pitcher of water

One chalice or small bowl

An herb sprig, plant leaf, or essential oil that represents your growth goals for 2021.

### **Example Correspondences:**

Mint - Money

Rose - Love

Orange Oil - Friendsip

Apple - Fertility

Allspice - Business

Hydrangea - Coven Power

Rosemary - Marriage

Mugwort - Witch Power

Lavender - Mental Health

Thyme - Physical Health

**STEP TWO:** Decide on a magickal coven connector item.

In order to connect your magickal workings together, your coven should agree on a small connecting item. This could be a coin, crystal, stone, herb, sigil, or anything meaningful to all.

Each member will place their connecting item next to their coven candle as they perform the ritual.

**STEP THREE:** Decide how you wish to perform the ritual together. Here are some options:

- 1) Coordinate a live streaming of the ritual with all coven members via zoom.
- 2) Choose an agreed upon time to perform the ritual. All perform the ritual at the same time alone at their altars, connecting with their coven intuitively.
- 3) Film yourself doing the ritual alone and share the ritual with your coven afterwards.

**STEP FOUR:** Open the ritual by calling your coven power together.

Place your coven connector item next to the candle. This now becomes your coven candle.

Light your coven candle to call each other's energies together with spirit. As you light the candle, all say,

**"Coven power, spiral to me.  
I call on my brethren,  
so mote it be."**

**STEP FIVE:** Draw and use the coven energies together.

Pour one splash of water from your pitcher into the chalice/small bowl for each coven member, naming them as you go. Don't forget to add yourself!

This may be done in unison or each member may perform this part one at a time. Incant:

"Under Cancer moon of nurturing love,  
We bear this water together,  
Drawing power down from above."

I call growth in 2021 for Paul (pour)  
I call growth in 2021 for John (pour)  
I call growth in 2021 for George (pour)  
I call growth in 2021 for Ringo (pour)"

**STEP SIX:** Announce your intentions for growth.

Drop the herb/oil/plant each Coven member has selected to the magickally charged water chalice or bowl.

This may be done in unison or each member may perform this part one at a time. Incant:

"Under Cancer moon, healer of our soul,  
We bid these plants lend us their power,  
Alchemize our dreams to gold."

I call more shoppe sales for Paul (add herb/oil)  
I call a book contract for John (add herb/oil)  
I call a marriage for George (add herb/oil)  
I call a new baby for Ringo (add herb/oil)"

**STEP SIX:** Seal the ritual.

Pour the remaining water into the bowl and incant:

**"And so it is and so it shall be,  
Next year will bring growth  
for you and for me."**

Congrats! The ritual is set. You may end now or stay and enjoy each other's company. You may discard the ritual water if you wish, but our suggestion is to bottle it and pour it on your seedlings this Ostara for continued growth magick.
